

**Beyond Borders**

To all new students

# Spring 2021 New Student Orientation <Student Life Guidance>

A decorative graphic of pink cherry blossoms and petals, positioned to the right of the main title.

**Congratulations and welcome to Ritsumeikan University!**

In order to make your student life at Ritsumeikan University safer, more comfortable, and more fulfilling, we've put together a video and document that will help you understand at least what you need to know right now. There are rules and regulations that you can't just say "I didn't know about that", as well as various information on how to prepare yourself as a university student and make your student life more fulfilling.

**All new students are required to watch the guidance video and answer the quiz and questionnaire after watching it.**
