Request for Submission of “Request for Resignation / Transfer Procedures for e-Rad”

We would like to ask faculty and researchers who have registered for the Cross-ministerial R&D Management System (e-Rad) and meet either of the categories below to follow the procedures for a change of employer or resignation.

Completing the procedures with your University organization allows you to make new applications for competitive grants through e-Rad at the new organization you will work for. Those who meet the conditions below are required to follow the procedures for an e-Rad status update following a change of main employer within this academic year to apply for the grants at another organization in early April.

Please submit the “*Request for Resignation / Transfer Procedures for e-Rad*” if applicable by the due date to complete the procedures at Ritsumeikan University thoroughly.

Further, the login information (login ID and password) currently in use will not change even after resignation or transfer. After registering at the institution to which you have transferred, the login information currently in use will be required for login, so please be sure to keep a copy on hand.
